After That Last Bell Rings...

School nights when homework is done, weekend evenings, and Sunday afternoons--that's when students can do what they want to do. And what a variety of things students do to fill in their free time.

Some students concentrate on physical sports while others find pleasure in attending Young Life, Demolay, Job's Daughters, or Rainbow Girls. Music, eating, reading, and games are all enjoyed by students, too. But no matter what students do in their spare time, it almost always includes friends!

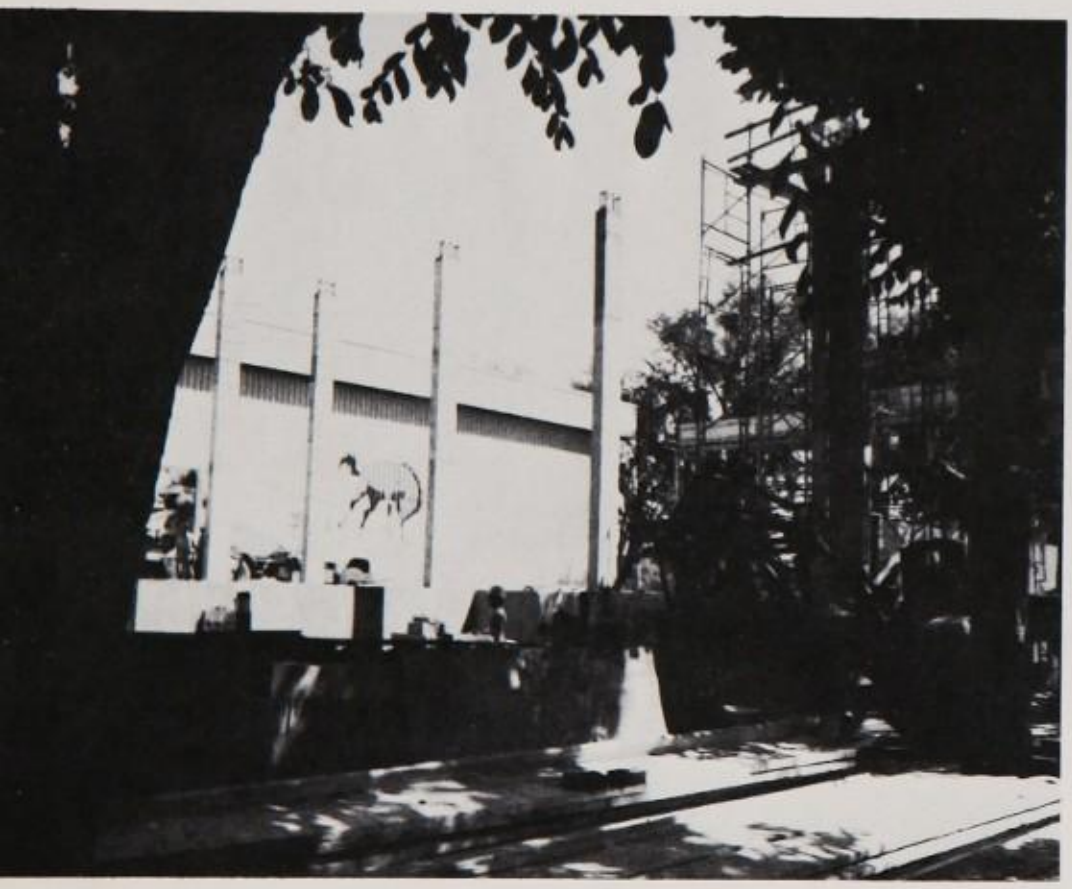
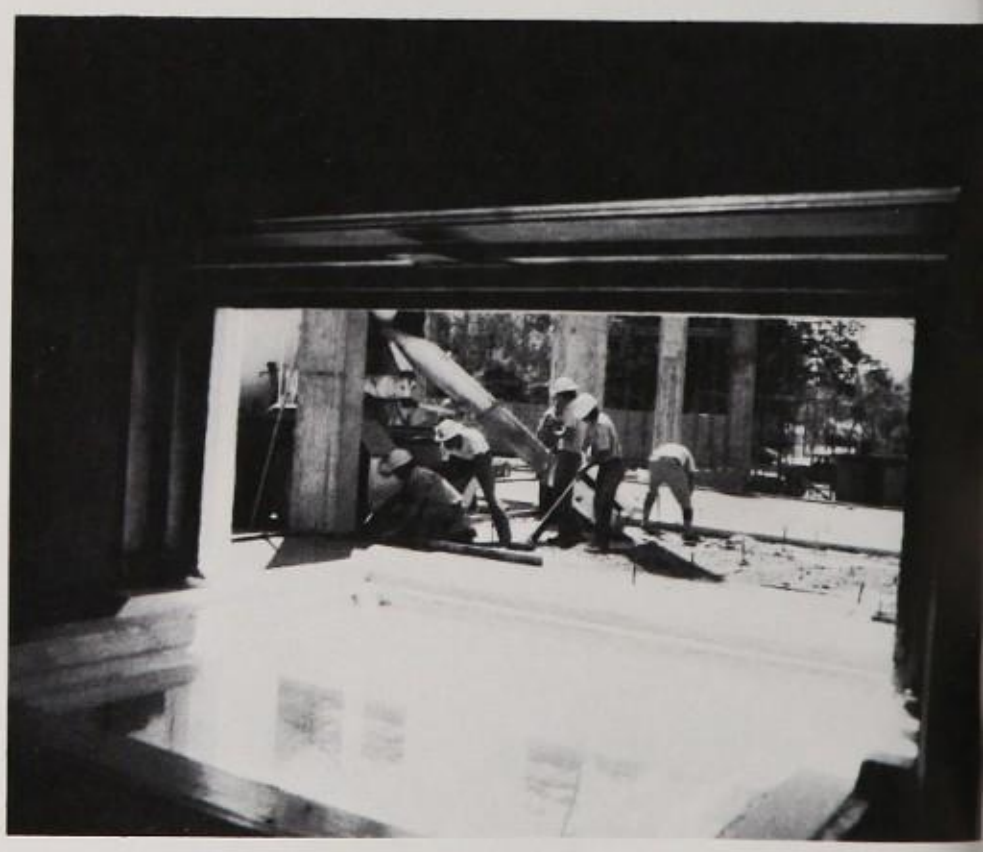
Senior Expands

Construction was at a high this year as workers hurriedly completed expansion, improvements, and remodeling of Billings Senior High. A total of $805,000 was spent for these projects. The cost of the gym alone was nearly a half million dollars. The new gym has a seating capacity of 2,600 people. It has two regulation high school size courts and one college size court. The gym is said to be the largest single hardwood floor gym in the surrounding five-state region.

The other monies were used to renovate the theater by installing new seats, a new light booth in the balcony, and additional port lights; and to remodel the administration offices; and to carpet the library.





Above-Construction gets underway. Upper Right-Supports and brick work take shape. Lower Right-Workers are framed as they continue to work.

THE FIRST ASSEMBLY HELD IN NEW GYM

Billings Senior High unwrapped its new gym on Friday, February 15, with its first all-school pep assembly since 1959, the last year in which the enrollment permitted the student body to be seated in one facility in our school. Mr. A. R. Collins Jr., BSH principal officially commemorated the new addition with a great big "Hello!" and a reminder of Senior's tradition of good sportsmanship and school spirit.

The highest point in the assembly occurred when Mr. Les Heins, art teacher here at Senior, christened the gym by giving his BRONCS emblem a kiss. The emblem, which can be seen in the center of the larger of the three basketball courts (regulation college size), was painted during Christmas vacation when Mr. Heins sacrificed two of those days towards perfecting the insignia.

To further commemorate the opening of the new gym, Principal Collins had stickers reproduced. Those stickers represent the center Broncs emblem with the added touch of a 1st in the center to symbolize the first event in the gym and the fact that the Broncs are always first.

Top Center-Mr. A. R. Collins, Jr., BSH principal, and Mr. George Selover, Chairman of the Board of Trustees, lay the cornerstone as John Fitzgerald, YKC president, looks on. New "Students" Visit Senior

Open House at BSH this year was held on February 26th, so that our new gym and the new additions to the theatre, library, and administration offices could be viewed by the parents. The purpose of the Open House is to introduce the parents to the school and to give them a chance to learn added information about the curriculum.

The "day" began with an assembly for everyone. Following the assembly the parents went to each of their childs classes for a shortened "period"-about 10 minutes. Senior counselors acted as guides for the night. The Trepp Family Singers entertained the parents while they had their coffee and cookies. One parent commenting on Open House said, "I liked it. I think it's a good thing."

When asked what he thought of Open House, one teacher replied, "It was better this year, in that I had a better association with some of the parents."

Bronc Express Staff Strives

The newspaper staff puts in so much time and so very much patience to keep Senior High students and faculty informed on what is happening around the school. One could find any member of the staff with ears and eyes always open, looking and listening for a good story or peice of gossip to let the school in on. Beware! of what one might say or do if one doesn't want it publicized at Senior.

Was Mr. Mickelson really so wise to take on both newspaper and annual staff in the same room, same period every day? Sounds like complete chaos, but turned out to be the most informative newspaper and greatest annual ever, at leat the most pages ever.

Editor Stan Jones

This year was another record breaker not only for athletes, dramatists, and musicians of Billings Senior High But also for the Bronc staff. This year's annual contains the greatest number of pages ever produced by Senior High with approximately 100 more pages than last year's record breaking annual. It is the Staff's intention to give you a full year's coverage of all events including golf, tennis, track, the prom, twirp, honors assembly, and, of course, graduation. These events have been left out of the year book in past years because of a spring delivery. So this year's Bronc annual is being delivered in late August or early September. We are satisfied that we have included everything from that happy opening day to that even happier closing day of the 1973-74 school year. We hope you, too, will be happy and satisfied, knowing you'll be able to look back ten years, twenty years, fifty years, from now and really remember the entire 73-74 school year.

The BSH Band's dream and year's work came to life on May 25th when they performed at Expo '74, Spokane, Washington. During the year they earned money to go by selling magazine subscriptions, "Funs A Popin'" popcorn, and running a few rummage sales. The Band, under the direction of Mr. Don Ferguson, left Billings on May 23rd for a long 7 hour drive. Spokane received rain the day of the band's performance, but it cleared in time to keep the members from getting wet.

Orchestra Experiences

This is the thirty-fifth year that the orchestra has been in existence. Mr. Roper feels that the orchestra program is quite adequate. He stated, "Although the orchestra has not grown in numbers, its quality has improved over last year." The orchestra performed in five concerts, played for the musical "Li'l Abner," and travelled to Expo '74 to perform.

Most free time given to the students was spent on running around on the grounds trying to see everything possible in two days.

The Harmonic Voices of BSH

The senior choirs have grown by a total of thirty students this year, making them better than ever. In the eyes of Mr. Trepp, they are much more mature vocally. A more exciting sound than in past years is evident if one has ever heard them perform in one of the many activities they participate in, to name a few, the District Music Festival, the State Music Festival, and several seasonal concerts. Around Christmas time the Varsity Choir does a performance for television. The big performance for the choir members for the year was Expo '74 in Spokane, Washington.

The BSH Varsity Choir along with the Hartmans, and the chaperones left on spring tour on May 17th at 5:30 a.m. They traveled to Rudyard, Montana, where they gave a concert for six area school and were hospitably treated to lunch. Directly following lunch they embarked to Whitefish for a similar concert which was preceded by a host dinner at the Pizza Hut. That night at 11:00 p.m. temporary hosts housed the choir in Libby, Montana. Saturday contained rehearsals and musical enjoyment by both the Libby choir and the BSH choir. Following rehearsals was a large evening concert featuring each choir separately and then both combined with the Hartmans for "The Creation". That evening both schools joined together at a dance with music by the Hartmans.

Sunday brought departure from Libby and arrival in Spokane, Washington. Monday morning the choir ensembles performed for the Shriner's Crippled Children's Hospital. The choir members felt this was one of the best experiences of the entire trip. That evening Varsity Choir gave a special concert at the Lady of Lourdes Cathedral. Tuesday provided good weather and a good audience for the Hartmans followed by the choir, featuring "Godspell" by the Trepp Family Singers. Unfortunately, 9:00 p.m. was departure time with arrival time in Billings at 10:00 a.m., May 23.

The choir raised money for the trip by selling first aid kits, poetry books, popcorn, and fresh fruit cake, and producing a musical, LI'L ABNER.

Singers of BSH Entertain

BSH chorus students sang in several concerts this year which included the Autumn Concert, a Christmas Concert, the Spring Concert, and the Gala Concert with West High. The District Music Festival also hosts chorus students of BSH. At these concerts songs of all types, religious and patriotic, spiritual and folk, are performed. As an added attraction to the concerts this year, the new chamber choir also entertained the audiences. This new choir consists of the Trepp Family Singers and the Hi-Lo's.

Billings Senior High Chorus & Drama Departments present "Li'l Abner," a musical comedy written by Melvin Frank. The action takes place in the 1940's in Dogpatch U.S.A. joining together political satire with back hill humor.

The production includes a 50 member cast, pit orchestra, and various crews, under the direction of Mr. John Trepp. They provided the audience with a sense of sorrow, accomplishment, loss, and, most of all, a sense of joy. In order for them to accomplish this, they embodied the art of drama, under the direction of Mark Higdon, merged the original choreography, under the direction of Mr. Mel Hendricson, and blended the sounds of music under the direction of John Trepp, a combination that could possibly be ranked as one of the better musical productions presented at BSH.

Children's Plays

In place of its usual spring "Night of One-Act Plays" the Drama Department presented three one-act children's plays. Thespian Troupe 555 presented, under student direction, "The Clockshop," "The Invention," and Mark Twain's classic "The Prince and the Pauper."

The plays, although simple in nature, were a new and exciting challenge, and all who were involved agreed it was a worthwhile experience.

Seniors Sandy Penwell, Dave Taylor, and Sharon Melnick. Their long experience in theatre work proved invaluable as they directed, respectively, "The Prince and the Pauper," "The Clockshop," and "The Invention."

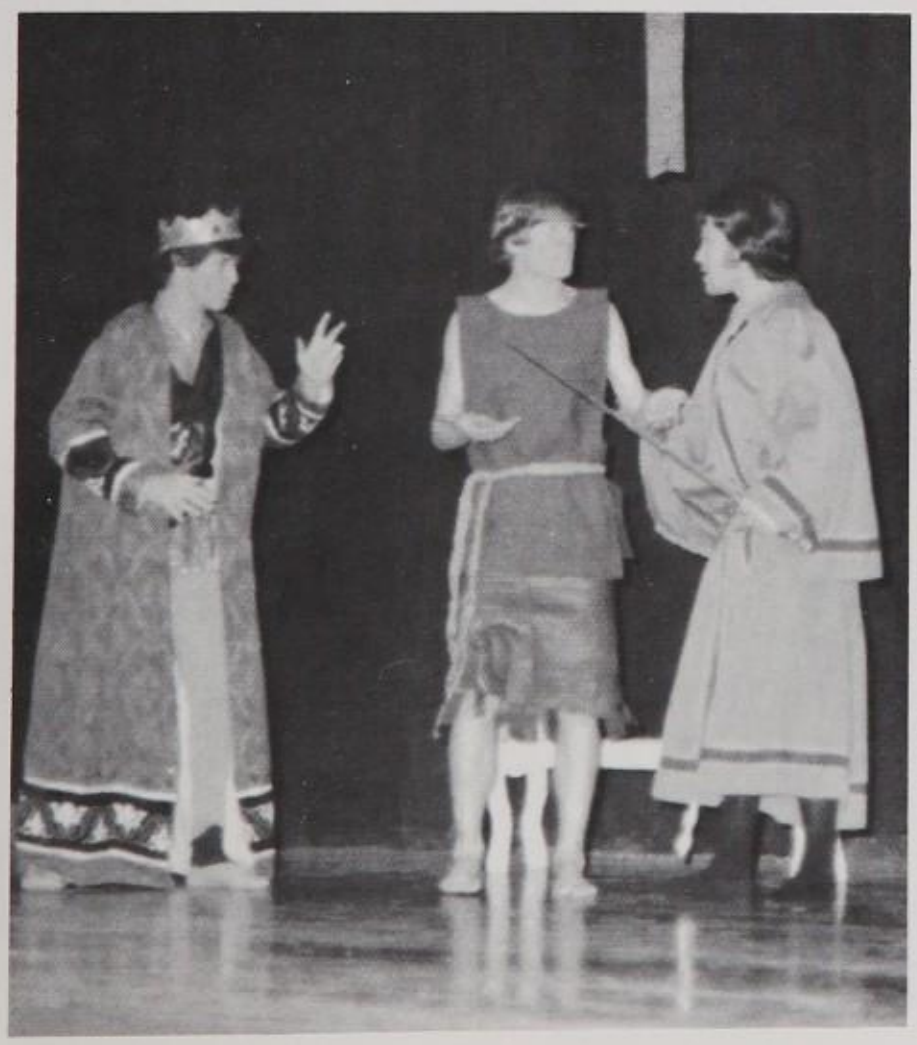
Right: Three timid souls peep out in fear of Kalibad. Below: Happily, Fear is overcome. Kalibad, too, is overcome. He repents and becomes KaliGOOD.

The Prince and the Pauper



Above: The misplaced prince (Alan Gergen) is chided by a ruffian (Mark Swenholt)
Below Left: The poor prince and his equally saddened replacement try to explain the truth, but the true prince is almost done in.

Joe Keller and his ex-business partner, Steve Deever, had been jailed five years previous for manufacturing parts that resulted in planes crashing and men dying. Joe is now free, having been exonerated. His elder son, Larry, has been MIA for five years. All believe he is dead, except his mother, Kate, Larry's wife, Ann, and Chris Keller, Larry's brother, are now in love and plan to marry. The arrival of Ann's brother, George, brings up the question of Joe's innocence. Soon, all know Joe is guilty and he must therefore justify himself.

"Talk Jocks"

The BHS Forensics team had many talented individuals this year, but they could not manage to mount enough team points to win many meets. Competitive drama rarely could muster a full roster and the speech team also had trouble recruiting people. Debate was loaded with people and talent and as a result did well in all meets, winning at Great Falls. Despite some disappointing finishes, it was a good year over-all, a growing year.

Students Experience a

Dear Friends:

AFS. To me, those three letters stand for the most wonderful experience of my life. I spent a summer in the Republic of South Africa becoming a member of a family and meeting many interesting people. My short time there gave me a new insight into understanding people and policies which are in great contrast to those I have known.

I was fortunate in being able to travel quite a bit throughout the country, being able to meet even more people, and seeing such things as diamond and gold mines, African wildlife, native homelands, and the beautiful Indian Ocean. For all this I am truly grateful to you, the students of Senior High whose support made it possible for me and others to become a part of this program.

It is people who make AFS what it is: warmth, understanding, and concern for others. Thanks to the AFS chapter of BHS I was able to find out for myself.

Yours,

Tom Johnston

Groeten uit "De Lage Lander bij de Zee"

A tourist might see Belgium as a fairy-tale, "doll house" land, with her green fields and tidy farms and picturesque towns. But this tiny country between France, Germany, and Holland is a living, growing land that belongs very much to the present. The headquarters of the European Economic Community and the possessor of one of the world's largest harbors, Belgium is truly at the heart of today's Europe.

She is a cosmopolitan country, where one hears almost every imaginable language on the cities' streets. Belgium is a mixture of the Romance and Germanic Cultures: French, German, and Dutch are her national languages. An exciting interplay goes on here between the cultures, as it has done through the centuries of Belgium's contact with all lands of the world.

Vele danks aan jullie die mij Dezegeweldige kansen gegeven hevven.

God met U, adieu,

Claudine's Stay Helps Her to Understand True Montana Culture.

Bonjour:

To tell in a few lines how much I have enjoyed this year and how much I have learned is hard. I want to thank you all for giving me the opportunity to come here to share your activities, for greeting me so warmly, and for showing me friendliness.

I have experienced as a student here at BSH and as a daughter within my family a lot of different and new "things" that helped me to understand your culture, your way of life, and to know more about Montana (about which too many wrong and stupid things are said).

I have enjoyed this year so much that I know I will never forget it.

I hope that I will see you later, and of course, if you come to France, be sure to come to see me.

Bonar Practices Tolerance While in the United States

Dear Friends,

That a year can pass by so quickly is hard to believe, but when thinking of everything I realize that I'm lucky to have a chance to be an AFS student in BSH. The triumphs and the failures, the happiness and the unhappiness, the laughs and the tears, the joys and the loneliness, everything altogether have a meaning for me. It helps me to understand about other people.

But now I still have a lot to learn yet, to get along with every people wherever I live. The tolerance I tried to practice here is one of the most precious things I got, and it will stay with me forever.

I would like to thank my host family, the Lemons, Ms. Sue Hutton, AFS advisor, and all the people that have made my stay here possible.

Now I can only say, Good-bye friends, and hope I can see you again someday.

Three AFS'ers Go; Three AFS'ers Come

Dear Students,

Overshadowing all my experiences was the happiness and love I was given during my stay in Waukesha, Wisconsin. Being an AFS student requires that one be totally versatile. I, for example, was placed in situations in which I had to smile when I really didn't want to. But the sincerity of my friends and the though that these friendships will never die sums up my experience best.

I'm really thankful to AFS for allowing me all the friends, the love, and the experiences that I encountered.

Jan

Students:

I really enjoyed my stay in Kansas City, Missouri, and I am very glad that our AFS Club was able to give me the opportunity to go. After all, under what other circumstances could I have visited 31 different schools and meet people from 72 countries?

Kansas City is a very interesting city with all sorts of things to do that would never be possible in Billings. With a family having as many varied interests as mine did, I got to do a lot of those things and meet a lot of important people. I really enjoyed it and I am glad that I went.

Gayle

Ms. Sue Hutton did much this year as in past years to make the AFS program a great success. She summed up her feelings about AFS International by quoting the Minister of Culture in Malaysia: "We support the work of AFS because we see it building up a life belt around the world--a life belt of contacts and friendships upon which future generations may draw when the time comes for them to decide whether mankind is to live together or to be divided and drawn apart."

The AFS Domestic program sent three BSH'ers to spend their second semester in schools in different cities within the United States. The three junior girls who went and have returned are Gayle Theimer, who went to Kansas City, Missouri; Lorna Lemon, who went to San Marcos, California; and Jan Stephens, who went to Waukesha, Wisconsin. The new BSH students from other places are Becky Raske, Bethlehem, Pennsylvania; Cindy Higgins, Boston, Massachusetts; and Joyce Crook, Tulsa, Oklahoma.

Dear Fellow BHS'ers,

Last year I was given the opportunity to spend a semester at San Marcos High School in Santa Barbara, California as an American Field Service Domestic student. Although the sun and beaches were great, the friendliness and sincerity of the people I met were what impressed me the most.

It was really interesting to find so many differences existing between the students, faculty, and activities of BSH and those of San Marcos High. My experiences and encounters in California are ones that I'll probably never forget and that I will forever be thankful to AFS for. AFS is really a fantastic organization! It's so remarkable how they're able to match up students with their host families; a students likes, dislikes, interests and hobbies are all taken into account.

I sincerely wish every student could have the same opportunity that I had, for not only did I have the time of my life, but I learned more and grew more in one semester than I ever could have while being at home.

Thank you,
Lorna

Senior High AFS representatives: Gayle Theimer, to Kansas City, Missouri; Jan Stephens, Waukesha, Wisconsin; Ms. Sue Hutton, AFS sponsor; Lorna Lemon, San Marcos, California.

Dear Friends

This is the greatest experience I have ever had. Entering a new school and adjusting to a new family can be a frightening experience. Still, this is something I've always wanted to do; share and care and love and have respect for others. I really like the idea of meeting new people, seeing new places, and having experiences I could never anticipate. For total strangers to open their home to me, to accept me for what I am, to give their love and understanding, and to welcome me as a member of their family is wonderful.

The students have made my stay a pleasure. I am hoping I will get to visit Billings again. It's such a beautiful place.

Much love,
Joyce

Beth Forsythe, host, and Cindy Higgins, of Boston.

Todd Barnhart and his AFS sister, Joyce Crook, from Tulsa.

My new friends:

When I got off the plane of the 25th of January, a little dizzy from the rough flight and not knowing in the least what to expect, I was greeted by my new sister in a cowboy hat and a host of other people who I have come to know and love as family and friends. That first introduction set the pace for the next five months - a time of surprises and happiness. Many of my new experiences are the result of the work of my family, the Forsythes, for they have made every effort to make my stay truly a time of growth by introducing me to many types of people and showing me much of their Big Sky country. Both at school and in the community, I have found Montanans to be among the friendliest people I have known and it will not be without regret that I will leave many friends behind. I expect to look back on this experience with many fond memories, for I feel as though I have come to learn much about myself and others in an invaluable way.

With warm regards,
Cindy

Dear Friends:

I have enjoyed my stay in Billings and have found it fun and exciting. It is a learning experience that has given me a chance to see some of the West. Billings Senior High is a great school, mostly because the people have been so friendly and helpful, the most friendly and loving people I could ever hope to meet.

I am extremely grateful to AFS for giving me this once-in-a lifetime opportunity.

NJROTC

Naval Junior Reserve Officers Training Corps students master many skills in various fields, such as seamanship, oceanography, meterology, astronomny, naval history, and the procedures of drills and ceremonies. Also every fall there is a four day boot camp that everyone attends. At this boot camp, the students learn how to march, use a Rifle, and other basic skills.

Out of class, students of NJROTC can voluntarily be a member of the drill team or the color guard. Also, there are various summer cruses for some of the cadets. Backpack outings, for example, are also organized out of school, along with swimming, roller skating parties, and dances. The highlight of the year's activities is the NJROTC Ball.

Senior's annual Winter Formal, sponsored by Kenetic Club and AK, was held this year on December 14th. The dance, themed "Toyland," was decorated with streamers, a christmas tree, a sleigh, and even Santa Claus. Maximus Sonar provided the music. Highlighting the evening was the crowning of the Ice Prince and Princess, Chris Teal and Carol Hucke. Ice Royalty were nominated by the entire Student body and announced at an assembly.

It's that season again when the boys start running and the girls start chasing. Twirp is an all-time favorite at Senior High, where for a change the girl has the privilege of opening the doors, pulling out the chair, and footing the bill. The girl at last has the chance to ask out the "boy of her dreams" and experience the trembling knees, squeaking voice, and a stomach full of butterflies before she pops the question. It kinda takes me back to the days on Dogpatch Mountain, when once a year Sadie Hawkins Day would roll around...Ah, Those Glorious Days!

The 1973-74 football season at Billings Senior was a success and a disappointment this year. The Broncs were picked to be one of the top teams in the state. In their first game of the season, the Broncs lost a heartbreaking 19-16 game which they led most of the way. They then came back to defeat the #1 Missoula Sentinel squad, 19-12. After an upset loss to Hellgate the next week, the Broncs came back to defeat both Helena schools soundly. The next week the Broncs lost the biggest game of the season, a disappointing 12-7 loss to Great Falls Public.

The 1974-75 season for the Broncs looks to be a promising year with many letterman returning. Look for the Broncs to be #1 next year!!!

The Billings Senior Colts football team had a successful season this year finishing with a 5--4 record. Coaches Gary Johnson, Mike Burgess, and Dennis Clymore did a fine job of combining the talents of a group of sophomores and molding them into a respectable football squad.

The Colts started off their season with four straight victories over Miles City, Laurel, Bozeman, and the West High Cubs. Then came four disasterous road trips in which the Colts lost four games, losing to Great Falls Public, Dayton (Wyo.), C. M. Russell, and Sheridan (Wyo.). Finally, the Colts came home to end their season with a victory over Livingston.

Broncs Win Seven Straight Victories Before "Lady Luck" Runs Out.

The 1973-74 Bronc Basketball team had a very disheartening season, but the future looks bright. The Broncs started out the year with seven straight victories but suddenly hit a drought and only won two of 15 remaining games. This year's bright spot was having Jim Rogers named All-State Honorable Mention. With the help of many returning lettermen and a tremendous nucleus of J.V. players, the Broncs should be on top next year.

They had losses to Helena Senior and Great Falls Russell. These losses were avenged by victories to lift the spirit of the team when the teams met again. Outstanding wins of this year were double wins over cross-town rival West. Coach Gary Johnson is to be congratulated on a fine season. His team is well-disciplined and never gives up. Outstanding members of this year's team are Doyle Parker, Rod Kautz, Bruce Parker, and Rich Miller.

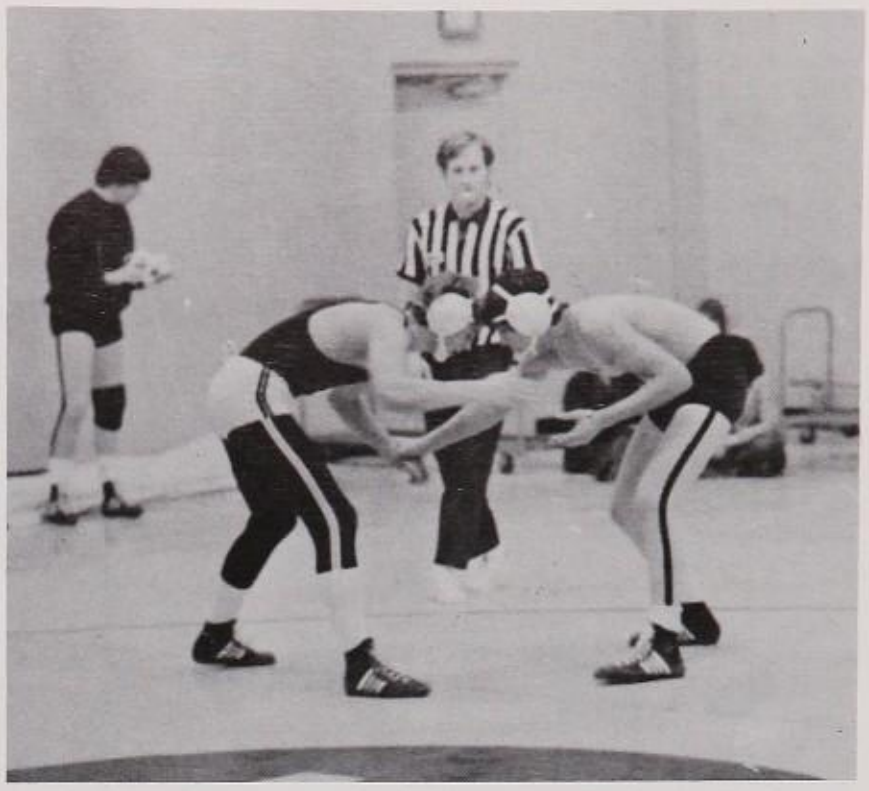
Bright Future



The 1973-74 Bronc Junior Varsity and Sophomore wrestling squads went through this season with many good performances, indicating a bright future ahead for varsity wrestling teams. When divisional time rolled around, the Broncs proved they were ready, capturing the divisional crown and qualifying a record twenty-four positions for the state meet. In Missoula, the site of the State Gymnastics Meet the Broncs captured their second state crown in as many years. The boys' team was led by record breaking Ron Avent who won 52 straight matches in the last two years. This year he won both the Divisional and State meets. His first place finish in State led the boys to a third place finish. Eight boys and eight girls entered the Divisional meet, consisting of two doubles teams and four singles entered in both the boys' and girls' teams. When the tournament was over only three boys and six girls remained. For the boys, Senior Ron Avent took first in singles and Juniors Bruce Parker and John Decker took third in the doubles. The doubles teams of Rebecca Yapuncich-Chris Olson and Janel Tindall-Sue Holmgren took second and fourth, respectively, to also advance to State. This year's lone state champion is Ron Avent. Next year an even bigger turnout is expected. Teams like Artie's Army, The Gang, and The Spinners invaded the grounds of Pioneer Park and the hardwood courts of Billings Senior to show off their talents in sometimes amusing ways. StuCo Serves Senior High.

Student Council meets bi-weekly to help determine school policy and to allocate funds. Under the skillful tutelage of Mr. Bob Zupan (adviser) StuCo members are involved in many activities. These activities include Inter-City (along with West and Central High students), the City Youth Board and Executive Board (class and StuCo officers). Some of StuCo's accomplishments include the free student telephone in the main office and the bike racks in front of the building. It is Mr. Zupan's job to be the link between the administration and the student body. He often comes under fire, but continues to do a job worthy of commendation.

At the present time the club is working on an elementary program where members of the club take different farm animals to the grade schools and explain to the students what part the animal plays in the economic life of the people.

a mountain reverie

"a star, a breeze, an unseen river,
crying with a lost rush down a shadow valley;
a twig, a stone, a river, a silent climber
alone on a barron ridge.
he has heard the seagulls wailing
on forgotten mist shores beyond
the misty stillness of a further range.
but that was long ago, an ancient dream.
now cool moist wind brings whispers
of another valley, glimpses of lost moments,
lost, behind the ranges.
a star, a breeze, an unseen river,
and memories of another age."
